**SUBJECT: Obsolete TR3030S and replace with TR3030TS Models**

---

---

**1 PURPOSE:**

To advise the customer that the TR3030S models have been placed obsolete and replaced with the TR3030TS models.

**2 SCOPE:**

*Table 1* reviews the model replacement and effective dates.

Obsolete	Replace	Effective Date
3500001	3531001	Immediately
3530051	3531051	Immediately
3530801	3531801	Immediately
3530851	3531851	October 2010

*Table 1*

**3 REASON:**

TR3030S are a severe service unit. In order to effectively use the severe service technology a breather tube must be present. The TR3030TS models are severe service and have the breather tube.

**4 UNIT REPLACEMENT:**

The TR3030S (3530xxx) units will be replaced by TR3030TS (3531xxx) units, see *Table 1*.
